EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gary Polumbus on 11-16-05.

The application has been amended as follows:

Specification on page 1 line 2, --now abandoned,-- was inserted between "2002," and "which application".

See the attached Applicant's supplemental amendment for amendment to the claims.

2. The following is an examiner's statement of reasons for allowance:

In the context of the claims taken as a whole, none of the references obtained, either applied individually or in combination, teaches an apparatus comprising "... *a weft yarn applicator ... is moved in a downstream direction by said transfer belt to form a cylindrical fabric ... said applicator advancing said weft yarn in an upstream direction before wrapping said weft yarn around said warp sheet ...*".

For this reason, claim 1 is allowable. Independent and rejoined claims 22 and 34 are allowable for essentially the same reason as claim 1. These two claims essentially contain all limitations recited in claim 1. Independent claim 45 is allowable for reasons of record set forth in a prior office action.

Art Unit: 1733

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
